Estimated Costs: For the purpose of arriving at the Building Permit fee, building estimated costs include all systems. Assigned contract(including all trades) shall be used for the purpose of determining the actual construction cost, or the estimated total construction cost (including all sub-trades) of the building may be computed per the current edition of Cost Data, as published by the R.S. Means Company, Inc. whichever is greater. This figure will then be used to compute all permit fees for each trade requiring permits.

Non-Refundable Processing Fees/Plan Review Fees: Non refundable Plan Review Fees shall be paid prior to plans being reviewed at the time the plans are submitted to the Building Division. The maximum processing fee not to exceed 100% of the total cost of the plan review fee shall be paid up-front. This amount will be credited toward the account during the final processing of the permit.
