

# South City Beach Project - Phase II

Project Location: 1870 S. Ocean Drive

**Project Description:** Removal of approximately 7000 SF of invasive Scaevola plants located at the south side of the park and the upgrade of a 4" sewer line to a new 6" line located at the south property line. The new landscaped area will be sodded with St. Augustine Grass and be complimented with Florida Friendly plant species such as Silver Buttonwood, Sea Grape trees and Coconut Palms. New irrigation will be installed in those areas with new landscape material. Parking lot trees will be replaced with Sea Grapes.

ENGINEER/ARCHITECT  
Bermello Ajamil & Partners, Inc.
